

I am an over the road truck driver, the only way I can get up to date news, Traffic, and weather coast to coast is thru XM radio. With the traffic updates it lets me know what is going on in a certian city and I can adjust my route an keep from adding to the traffic jam. The only way I can get news is from the XM... Just try to get any news from the A.M. radio, it will drive you crazy in just a few short seconds!!!!PLEASE LET XM DO ITS JOB AS IT WAS INTENDED TO DO!!!!!!
